

# CAR SEAT WAIVER

Cradles 2 Crayons and its participants and volunteers cannot guarantee that any child safety restraint is free from manufacturer defects. Any claims against manufacturer defects shall be subject to and limited by the manufacturer's warranty and other remedies against the manufacturer or supplier available under the Uniform Commercial Code. Additionally, while the consignor asserts that the seat for purchase has not been involved in a motor vehicle crash, Cradles 2 Crayons and its participants and volunteers cannot ensure or guarantee that this is the case.

I understand that a properly used safety child seat can reduce the chances of a child being injured or killed in a crash. I agree to hold harmless Cradles 2 Crayons, sponsoring organizations and volunteers from any and all liabilities and damages for injuries, including death, arising from the child safety seat itself, the means and manner of installation, the operation of the vehicle or vehicles of others and any other acts or omissions that may result in harm to person or property. I understand that the use of this safety seat does not guarantee my child's safety in a motor vehicle crash.
